A Wicked Good Time

Hercules

Need to sell multiple Xena/Hercules Props and Wardrobe?

Lets have some fun selling on our terms without ebay fees and build our collections through other serious Xena and Hercules enthusiasts. We all need to sell items occasionally for various reasons so instead of dealing with the ebay rules and fees lets try selling among ourselves rendering a most satisfying and fun transaction for all.

We have all had a run in with unsavory sellers and buyers that lurk around on ebay so this will keep prop and wardrobe sales among our tight circle and we know they will be going to a good home!

You can run your own auction and Xena Prop House will announce the starting time and end of your auction with a comprehensive presentation of what you are selling then you set up the auction. The auction will be backed by XPH through assisting and referring readers and collectors to your designated auction time circulating your email and information throughout the duration of your auction. If you are a new reader and participant that I have never communicated with before and would like to announce your own auction no problem just give me one reference from a seasoned collector I can communicate with to verify your commitment to your auction before I can announce it. This is a great way to make quicker bulk sales but XPH will still keep **"A Day in the Life"** section for the casual individual sale items and for photo sales. I can announce multiple auctions so there is no need for a first come first serve basis.

GROUP MAILINGS

I can also do a group mailing with a general list of descriptions and prices of items you have for sale. Then you can sell them on a first come first serve basis to the collectors who respond to you. I have also done group mailings to let collectors know about items listed on ebay.

Contact Barbie at XPH and communicate that you would like to run an email auction or group mailing. Xena Prop House issues come out by the 15th of every month so you would need to make contact by the 7th of each month leaving time for the auction to be worked up by me and announced in the issue. It would be suggested you start the auction or group mailing at least 4-7 days after the issue comes out on the 15th so readers have a chance to read about your items for sale introduce themselves as a potential bidder or buyer and your preparation to start receiving offers or bids. I will help you through the entire process however if you choose an auction **you** will be running the auction keeping records of the bidding activity, etc.

Any questions comments or suggestions on these auctions backed by Xena Prop House please email allaboutartgalry@aol.com Please read the Xena Prop House disclosure on the last page of this publication in red before announcing or participating in these auctions. **-Barbie Arms-**

Coming Home

Here are items available for trade or sale and items that *match back up* with the props or wardrobe that were separated years ago.

I am on a mission to try and see if I can network collectors to match up wardrobe and props that got separated during the feverish Auctions. Everything was scattered to all four corners of the earth and bringing them back together again is a venture I enjoy, one prop at a time!

Here are items that were newly acquired and brought back together with pieces already in collections.

Satrina Dagger

I have the Satrina armor costume and was very happy to fill Satrina's empty dagger sheath on her belt with the dagger. This dagger is resin and has beautiful gold accents with a nice swirl pattern on the handle. The dagger has come back home. Thanks to Cheri and Chris!

This dagger is also seen used as an Arch Angel dagger

Here's a pic of what he thought was a horse head until it was seen with horns from Hercules episode "Norse by Norsevest". The horns were boxed up and he just thought they were spare parts for the makings of an amazon headdress or something, who would have ever thought they would have gone together. The head had the holes and the horns even had the wooden pegs and were cut at an angle to fit behind its ears. **Mart still has another pair of horns if anyone has another head he can either sell his horns or buy the head.** The second pair does not have pegs, but has peg holes.

Here is a silver bracelet that came out of a box that was a brown carton labeled Gabrielle/Renée that had goodies in it! Can anyone verify the validity of these bracelets worn by Gabrielle?

4. Gauntlets

Here are Gauntlets made really well of woven black leather strips. They say Kora and also say Emma inside. They were supposed to be from Young Hercules. So far, Kora in Young Hercules did not wear them and I have no idea about an Emma they are 2 different people as the actress who played Kora is not named Emma, could have been her stunt or double.

1. This looks very familiar to me but I do not know what episode it was seen in, can anyone help? The dangles are the same as seen on the cherish costume and armbands Lucy wore in X 1 E 17 "The Royal Couple of Thieves". Interesting how the prop makers re used designs.

2. Really nice billowy deep blue silk shirt with wrap ties on the inside and on the outside, no tags. I was told they were worn under armor in late Xena Japanese episodes. 3. Yin Yang Necklace

Has a 25" cord, heavy metal with two-tone black and yellow very distinctive Yin Yang symbol. COA issued from NZ seller \$25.00

4. Greek or Roman Robe

with nice gold leaf border stencil and a silver button, COA issued from NZ seller. \$30.00

5. Gabby Skirt

This is the signature orange/rust skirt seen in Season One Episodes worn by Renee or her double, there are no tags in the skirt. There is a round spot on the lower right front but it shows up more on camera than in person. I think this could be due to the gold circles she had on her skirt in the Episode 'Death Mask' as seen below in the screen capture after the little girl shot her with gold suction cup arrows. The lower gold circle in the screen capture is in the same spot as the stain and I think they tried to clean the skirt leaving this round mark, just a possible theory. The COA is from Leena at the Xena Trade Center and a written and signed statement from Theresa Towell that bought it originally stating that the skirt was acquired at the IAW sales. \$425.00

6. Kal Claw Sword

This resin sword was most notably seen in Episode 'Chakram' used by Kal God of War in his region during a violent sword fight with Ares. It was also seen in "Blind Faith" and seen in 'The Convert' by Kryton and his men. There is set use some paint peeling on the hilt but the blade is in very good condition. The case and sword stand are not included.

\$175.00

7. Marcus Sword

Here is a cool looking resin sword used by character Marcus Xena's true love most notably 'The Path Not Taken' and 'Mortal Beloved'. I purchased this on ebay for \$199 which I would like to recover. It originally came from the IAW sales but I just got a flyer with it. There is no doubt that this sword was from the Xena series. There is an area that has slight peeling from set use but the blade is in very good condition. The sword was also seen used by bad guys in 'The Prodigal' by Dagnine's men in 'Orphan of War' and cannibals in 'The Abyss'.

8. Mary Contrary Wool Suit

This Wool jacket and Skirt was seen worn by character Mary Contrary played by actress Elizabeth Hawthorne the newscaster in the hilarious Episode H 4 E 15 'Yes Virginia, There is a Hercules'. This has the dry cleaning tag still attached to the jacket and comes with a COA from the collector in NZ that I purchased it from. She attended the Turners Auctions back in 2001 and there is also a receipt reflecting the huge bulk sale that was made. \$40.00

1. XENA CREW SHIRT

Here is a fun production item a T-Shirt made by the New Zealand Effects and Make-Up Crew for themselves and show directors. Only about 2 dozen of these were ever made. This shirt contains many inside jokes about the trials and tribulations the crew had dealing with the troublesome Grindl. The quotes on the back were things that the effects team either repeatedly muttered or memorably exclaimed during this shoot.

2. Chobos

The stick is wooden (or possibly very hard resin it is almost tough to tell) with leather strips and peacock feathers. Really well made! You could actually use this weapon.

3. Dagger

This dagger is the same style used by Livia, Xena, and Callisto

4. Dagger

Commonly seen dagger used by roman soldiers and also by Glyphera in 'Dirty Half Dozen'.

5. Dagger

Commonly seen dagger used by Draco in 'Sins of the Past'

6. Hercules Production Smock Second Unit
These smocks were used by actors to protect the costumes between takes and for make up application.

1. Complete Agathon Wardrobe

It is most wonderful and an asset to any collection. It has a leather jacket with lots of metal studs, spikes and eyelets, a pair of leather and metal gauntlets, one leather glove with chain mail and studs, two chain mail gloves (one extra), a thick leather belt with metal studs and eyelets, a leather skirt, a pair of layered leather pants, a pair of leather and metal knee pads with attached boot toppers and a pair of leather boots...all pieces are labeled 'Agathon' and 'Jonathan Roberts'...a wonderful piece of XWP history.

2. Mask

Here is a mask from Young Hercules it was used by actor Chris Conrad (Young Jason) in Young Hercules episode 'A Lady In Hades'. It is a great item, it is made of thick closed cell foam coated in light resin and then painted...it is a full head mask with a leather back covered in short and long horse hair and it also has dark see through screen eyes.

3. Dagger

Here is a beautiful dagger seen in Xena Episode 'Legacy' used by Korah's father Tazere.

Screen Capture of Tazere in 'Legacy'

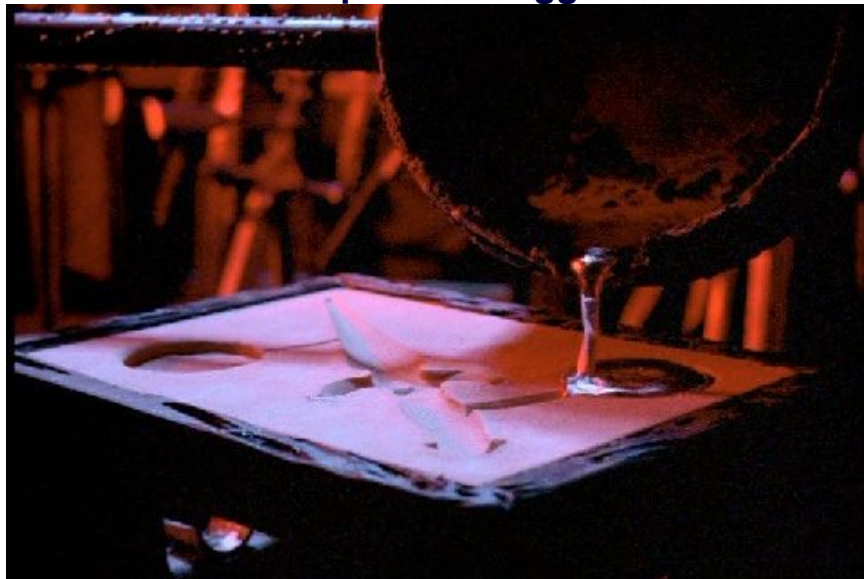

4. Dagger

It is made of hard resin and painted silver and gold surprisingly Mart found the slaves pouring this style dagger in a dagger mold in 'The Dirty Half Dozen' which was a great find.

1. Mavican's dagger is heavy resin and leather wrapped handle that she throws. Screen captures are from Xena Episode 'Succession'. The first one is Gabby's sais that she throws at the dagger and catches the dagger in mid air and they both land in the watermelon.

Would Xena and Hercules collectors like the chance to meet face to face? How about hearing presentations on props and costumes geared toward the collector? Would you like to have a place where you can exchange ideas on conservation and display, on price negotiations and value, and on authenticity and verification? How about a setting where we can share items with each other and not worry about security and crowd control?

It's not too soon to start thinking about just such a collectors' gathering. It could be scheduled around the annual Southern California convention if a lot of collectors are planning to attend that, or it could be decoupled from the convention and could be a stand-alone event.

Please email me your thoughts on such a gathering at c.clogston@gmail.com -- I'd love to hear from you!

Xena Con News

As announced by creation Entertainment these
 will be the guest stars appearing!

JACQUELINE KIM: XENA's Lao Ma, appearing Friday

JENNIFER SKY BAND: XENA: WARRIOR PRINCESS' Amarice, CLEOPATRA 2525's Cleopatra

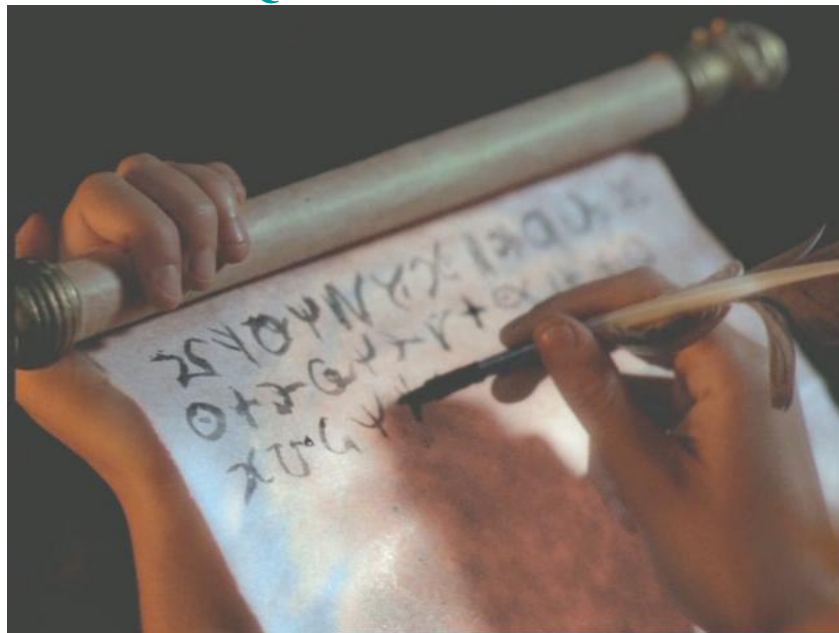

TONY TODD: XENA's Cecrops

STEVEN L. SEARS: XENA: WARRIOR PRINCESS - Co-executive producer, writer

ROBERT TREBOR: XENA: WARRIOR PRINCESS' Salmoneus

Creation also announced that Michael and Jennifer will be performing at the Xena Con in January, including a fabulous cabaret. People are still buzzing about the one they did 2 years ago!
Twanky will be making a special appearance!!

THE QUILL IS MIGHTIER

Here is a section that will be written and submitted by Morgan Sumners every month. Her humorous wit is just too precious so please Enjoy!

Ephiny: Xena, what's going on here? I thought we were going to work with some of our younger amazon warriors today. You know they always look forward to seeing the warrior princess in action.

Xena: I know, Eph, but we're right in the middle of filming another stellar episode highlighting my heroic rise from brutal yet lovable evil warlord to reformed but equally dangerous warrior princess and there are a few issues with the....uh...props.

Ephiny: Props? How many times do I have to tell Tapert those are PRECIOUS AMAZON ARTIFACTS!

Xena: Maybe you have to hit him over the head again with that carefully molded hard resin amazon tooth club. The foam rocks seem to have no effect.

Ephiny: He wasn't real happy with me last time. I should try reasoning with him. If he needs to borrow all this stuff from us for his little film project....

Gab: It's a documentary based on my scrolls, Ep. People need to know how Xena really lived. We just leave out certain parts, like the mundane details of her day.

Xena: Nobody really needs to know that I shave my legs with an Athenian Boot Dagger.

Gab: Or that you suck your thumb in your sleep. Although I find that really endearing.

Xena: Careful, Gab, or I'll tell them you bought a pair of X-Men underwear on EBarrel.

Gab: Ebay.

Xena: Whatever. And when is my skateboard going to get here?

Gab: If it doesn't arrive soon, you can take out your frustrations in the detailed seller ratings.

Tapert: Okay girls, I think we're ready to resume filming.

Ephiny: Where are our artifacts, Tapert? You promised an accounting of everything.

Tapert: We had a little problem.

Solari: What kind of problem?

Tapert: The bird sword fell off the prop truck and struck one of the gaffers in the back of the head. We can't find enough Red Dye #42 to accurately duplicate the color of your secret ambrosia stash, so RJ used some of the real stuff in our last scene and our makeup artist's two year old though it was Jello and ate it. Then she escaped.

Ephiny: That would explain why the next three villages as the crow flies have suddenly come down with killer diaper rash.

Tapert: There are a few skimpy...err....ceremonial...outfits missing. There was some commotion in the wardrobe trailer and your last patrol went out in overalls and tube tops, with sequined flip-flops. My crew is looking for their boots now, but we think they may have been used in a scene being filmed by the second unit. And...uhh.....

Xena: Why are you looking at me like that, Rob? Do I have something in my teeth?

Tapert: Heh....uhh...well, it's your chakram.

Gab: You don't have to be the oracle at Delphi to tell this isn't going to end well.

Xena: Go on.....

Tapert: Well, you see...the prop department did such a great job replicating it, that now we can't tell the difference between yours and ours.

Gab: So you don't know where her chakram is? MEDIC!!!

Tapert: Umm....not exactly. I mean, we know where it IS, we just don't know which one it is.

Xena: You're going to have that same problem with your internal organs, because I still have my sword.

Gab: Xena, calm down. I think I have a solution.

Xena: What's that? This is my *chakram* were talking about here. Don't ask me to spare him a long and painful demise.

Gab: Well, when I had that black box thingy with the shiny light coming out of it, I took the liberty of Googling your name and I came across this thing called Xena Prop House.....

Xena: What is a Googling?

Gab: It's a search engine.

Xena: Why is that necessary? You always know where I am. Which is more than I can say for Tapert's family if he doesn't come up with my chakram... NOW.

Gab: I hate to bring this up, but remember that girl who was trying to sell my scroll on eBiscuit?

Xena: eBay.

Gab: Whatever. Turns out that other people have been trying to sell "your" chakram, only not all chakrams listed as such are actually yours. Most are fake.

Xena: That's because MY chakram is somewhere in the prop truck, isn't that right, Mr. How Come There Isn't A Xena Movie But Indiana Jones Already Got Four of Them TAPERT???

Gab: What I'm trying to say is that we need to contact Xena Prop House. They can help us determine which chakrams in that truck are fake and which one is actually yours. We need to get ahold of those back issues!

Xena: But you threw that plastic box with the shiny light and weird symbols in the river.

Gab: I had to. You wouldn't stop using the "contact a seller" feature to deliver random threats to "ireallylovegabriele." And don't think I didn't know about your Home Shopping Network website addiction. There was 4500 dinars worth of "shiny weapons" charges on our MasterDinar card last month alone! The Very First Bank Ever of Athens wouldn't stop sending me past-due scrolls.

Xena: You look really nice in that outfit. Is it new?

Gab: Sigh.....

Tapert: I'll get the back issues for you. I still have a compu...I mean, a little plastic box with a shiny light and weird symbols on it.

Xena: Really?

Gab: Don't even think about it.

TWO HOURS LATER.....

Gab: Xena, stop pacing. You're wearing a rut into the road to Amphipolis.

Xena: If this were really the road to Amphipolis, and not a clever set designed to give viewers the illusion of said road, it would be a lot sturdier and we wouldn't have to worry about a rut.

Gab: I've read through all the back issues of Xena Prop House and I have to tell you.....that Barbie Arms is very informative, not to mention thorough, helpful, and a really nice person. You should see the article on appropriate packing methods, it's brilliant. I found a lot of our stuff under "Paradise Found," too!

Xena: Anything in there about my chakram?

Gab: Oh yeah. You'll be glad to know there are people in the future that actually care about our stuff and have kept it preserved for all eternity, or until they move to a smaller house and sell it, whichever comes first. But I think we can use the Prop House Scrolls to determine which chakrams in that truck are replicas and which one is yours. Let's go.

Prop Truck Master: Uhh...Xena! Gab! What can I do for you? You guys never come in here. What did we lose? (gulp)

Xena: Which one of your eyeballs do you favor?

Gab: XENA!....Look, just give me all the chakrams you have and we'll be on our way.

Prop Truck Master: Here's the entire box, minus the one stuck in the tree in the fake Amazonian forest, the one that was ACTUALLY taken home on "A Day With Xena," and a few broken ones that nobody would ever be interested in that we tossed in the dumpster.

Gab: Great. I'm going to line these up on the bench outside.

Xena: I hate to say it, but Tapert is right. These are pretty good replicas.

Gab: You know, Rob's not really such a bad guy, Xena. And he is very committed to his art.

Xena: His wife is nice.

Gab: We'll find your chakram, don't worry. Okay, it says here, that Creation replica chakrams may be stamped "made in New Zealand." I found three of those and set them aside. I also carefully examined the rest for any misuse of paua shell, discoloration, shoddy construction, and other abnormalities. I have spent 3 hours cataloguing everything, noting the subtle differences in each and comparing them to.....Xena, what are you doing?

Xena: **This** is my chakram.

Gab: How do you know?

Xena: Cause I threw it at the prop truck and it sheared off the tops of all Rob's metal weapons he had sitting out there to be taken over to the Agathon castle set. The other chakrams just stuck in the side of the truck. The edges weren't sharp, Gabrielle.

Gab: I...ummm....

Xena: Simple warrior logic. Come on, I'm starving. Let's go to mom's tavern. I hear Darien Takle makes a mean casserole. Leave Xena Prop House to the future guardians of our artifacts. Hey you know what I could do to return the favor?

Gab: uh-oh.....

Xena: I'm going to carve a secret message to Barbie in my real chakram, so 2000 years from now, she'll know it's not a fake.

Gab: What will it say?

Xena: I haven't figured that out yet. Do you think it would decrease the value if I spelled out "Barbie gets this" in Greek?

Gab: I don't see why it would. By then, archaeologists everywhere will have analyzed your handwriting and can verify it as authentic. And that way, Barbie can keep it preserved for you until you return in some flash-forward episode years from now when they finally make a Xena movie.

Xena: Yeah, and SHE would never sell my chakram on eBlip.

Gab: Ebarrel.

Rob: EBAY!!

Xena and Gab: Whatever.
